

NOVA AI for education analytics LAB

powered by NOVA IMS

Skillset

- Artificial Intelligence
- Learning Analytics
- Educational Data Mining
- Predictive Analytics
- Learning Space Analytics
- Educational Data Governance

Our quest

To transform educational data into actionable knowledge, leveraging artificial intelligence and advanced analytics to enhance learning, support evidence-based decision-making, personalize education, and create more effective and inclusive learning experiences.

Innovation Journeys

- 🕒 AI-powered student tracking and early intervention
STEPS@NOVA
- 🕒 Data-driven strategies for engagement and student success
SUCCESS@NOVA
- 🕒 Aligning education with future labour market skills
HELM.AI
- 🕒 AI micro-credentials for sustainable innovation
RADAR-AIM

Scientific Coordination
