Quality Assurance System AUDIT

ABET Accreditation

Exchange information on ETSII

For your students applying to ETSII for the autumn semester or full academic year, please have them visit our webpage with information on exchange studies, courses and housing.

[Learn more on industriales.upm.es/international/incoming](http://industriales.upm.es/international/incoming)

Online application link

The application opens in mid-October. When open, the application link will be visible on the "Application Online" page on industriales.upm.es/international/incoming. The application deadline is mid-November.

[Go to the "Application Online" page](#)

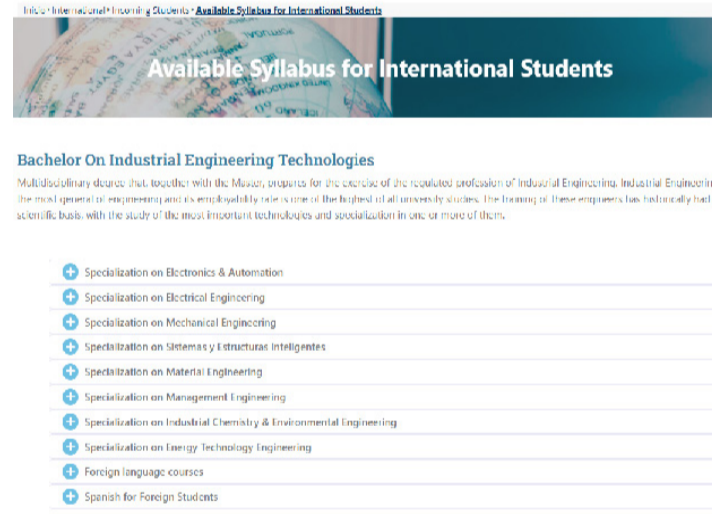

Please note:

- In order to be admitted as an International Exchange Student your Home Institution must have a Bilateral Agreement with ETSII-UPM.
- International and Exchange Program Students will carry out all administrative and registration procedures at the International Relations Office of the ETSII-UPM, and must present themselves in time for the beginning of the Academic Year. No late or incomplete applications will be considered.
- One Academic Year equals 60 ECTS, and it is strongly advised that students make a LA that conforms to between 20 ECTS and 30 ECTS at ETSII-UPM per term.
- Definitive Learning Agreement should be fixed within 4 weeks from the Course start date, and always with the approval of the Home University Coordinator.
- As the language of instruction is Spanish, International Students are expected to have a good command of the language. Required level of Spanish language to be accepted at ETSII-UPM is B1 CEFR.

Available Syllabus for International Students

There are different options, either bachelor's or master's degrees, that students can pursue. Each degree has specific courses spread over two semesters. On the other hand, each master specializes and has different functions.
