(Information received by email 27/02/2023)

Dear colleagues and partner,

Please check our [website](#) for the most updated information:

<https://www.avans.nl/international>

If you click on 'Studying' you will find the information about studying at Avans University of Applied Sciences.

If you click on 'For international organisations' you will find our 'factsheet' with more details.

If you click on 'About Avans' there is more general information about the organisation, the history, etc.

**Please make sure you inform your students about their options at Avans UAS;**

- In our bilateral agreement you can find the ISCED code/subject area/study domain you have the exchange in.

- [Here](#) you can find the minor programmes offered by the various Avans schools (also attached you can find an overview). The most up to date information can be found on the [Avans website](#).

The application process consists of 2 aspects:

1. **You as the educational institution** need to [nominate](#) the students first
2. **Your students** will then receive an email with a link to fill out an online application. Please note that for a full academic year, the student needs to apply twice.  
(your students will receive our application link automatically after your nomination)

Please note that after the students have filled in the online application, there is no need to print and send them as the documents are being uploaded by the student. If you/students have already sent paper applications, we will contact the students and ask them to fill out the information in the online application.

### **Admission requirements**

Before students apply to Avans University of Applied Sciences for an exchange programme, they should read through the applicable admission requirements carefully to ensure they meet all of these requirements.

Some exchange programmes have specific admission requirements. Make sure students check these specific requirements! An (online) interview can be part of the admission procedure. For more information, please check our [website](#).

### **Accommodation**

Finding suitable and affordable accommodation in the Avans cities can be a challenge. Be aware that the current housing market in the Netherlands is really tight, so please urge your students to start searching for accommodation early. Early registration for accommodation prior to the start of the study programme is a must. For more information please check the [accommodation website](#).
